# Chamber Welcomes New Board Members and Officers

The Greater Iberia Chamber of Commerce is led by a 21 – member volunteer Board of Directors, who represent different industries and businesses in Iberia Parish, who are also members of the Greater Iberia Chamber of Commerce. No business or organization can have more than one representative on the Board of Directors.

Potential Board Members are nominated by the nomination committee, and then those candidates are sent to the entire membership. A nominee can also be submitted if three Chamber members submit that nominee. Then, an election is called for members to vote to fill vacancies on the board. The top vote-getters for those vacancies are selected as members. This year an election was held, and congratulations to Amy Langlinais, Chuck Grubb, Frankie Provost, Grant Myers, John Simmons, Kyle Cox, Nicole Lopez and Phillip Mestayer. Each of these community leaders will enrich the Chamber's work through their own perspectives in the months to come. In March, the Greater Iberia Chamber of Commerce had two vacant seats and we the board filled that seat with Dominique Jones, Women First, LLC and Coy Duplantis, Brown and Brown Insurance Welcome aboard!

President/CEO

It was my honor and distinct privilege to serve as the Chairperson of the Board for the Greater Iberia Chamber of Commerce in 2023. Further, I offer my sincere appreciation to the Chamber of Commerce Staff, fellow Board Members, and the community for an outstanding year. The previous Chairperson, Lennie Fields, laid the groundwork for a successful year, and the Chamber team took full advantage of that. In 2023 the Board introduced a plan of work that included focusing on the below key initiatives:

- Workforce Development/Education
- Membership Relations
- Public Policy/Legislative

For each of the above initiatives, committees were formed, and actionable items produced positive outcomes for our community and Chamber membership. Additionally, the Chamber supported Parish infrastructure improvements, the recruiting of new businesses selecting to locate in Iberia Parish and continued overall economic growth. This was coupled with a focus on maintaining and improving the Iberia Parish quality of life. 2023 also saw a successful annual banquet that supported the community coming together to visit, network, and celebrate our leaders of the Parish. We look forward to another fantastic event in April 2024. The Chamber team also organized/coordinated another successful World Championship Gumbo Cookoff weekend. As always, the community put its best foot forward delivering outstanding hospitality and, of course, the World-Famous Gumbo and cuisine that Iberia Parish is known for. We very much appreciate our municipal and community partners' supporting the annual event.

In closing I want to leave you with what a Chamber of Commerce represents and stands for. We help today's businesses start, grow, and thrive in a complex and constantly changing environment. We believe in the ability of Parish businesses to improve lives, solve problems, and strengthen society. And throughout the years, a clear pattern has emerged. When citizens, business leaders, and government officials work together, the Parish works. There are greater opportunities for better jobs, new industries, and fairer laws. I wish everyone a successful 2024.

Regards,  
Rob Cowan

The Town Planner is a community publication that is produced by the Chamber and Town Planner. It lists all local events and community activities throughout the year, and gives businesses an incredible advertising opportunity. Over 10,000 copies are distributed throughout Iberia Parish every year!

## Developing Leadership within Iberia Parish

Class XXV focused on developing their leadership skills, as well as learning more about Iberia Parish's economy, infrastructure, and most importantly, the people and stories that make it great. Class members participated in a wide variety of leadership development, from team building to learning about sugar cane production, offshore pipelines, the local education and judicial system as well as aviation and the importance of tourism to the economy.

The Firestarter Project is a leadership program for high school students in Iberia Parish. Twenty juniors, typically one male and one female from each school in Iberia Parish were nominated to participate by administrators from each of their respective schools.

The year-long program aims to provide learning experiences in leadership, communication skills, team building, and networking. Participants take part in monthly seminars and/or field trips to develop skills as future leaders of their community.

The Greater Iberia Chamber of Commerce hosted the Annual Inspire bringing over 50 women from around Iberia Parish for an interactive day of networking and leadership development.
