

Iberia Comprehensive Community Health Center, Inc. and all of its satellite sites will be hosting events to mark National Health Center Week 2019 from August 4<sup>th</sup> – 10<sup>th</sup>. These events are part of a national campaign to increase awareness of the ways health centers are providing affordable healthcare in communities. This year's events celebrate the ways that health centers are "Rooted in Communities." We will highlight how health centers are at the forefront of a nationwide shift in addressing environmental and social factors as an integral part of primary care, reaching beyond the walls of conventional medicine to address the factors that may cause sickness, such as lack of nutrition, mental illness, homelessness and substance use disorders.

On Wednesday, August 7, 2019, we here at our New Iberia Center will hold a Community Day Health Fair from 3:00-5:00pm. This will be a fun event, as well as an educational one.

We get by with a little help from our friends...here are some ways to help:

- We're looking for organizations to have booths at our Community Day, so if your organization would like to have a booth, please contact us.
- Our Community Center staff works hard...they're always up for a free meal. If you'd like to provide a meal for our staff one day during Health Center Week, please contact us.
- Door prizes! At our Community Day we'll be giving away door prizes to the attendees. If you'd like to donate a prize, or the funds to purchase one, please contact us.
- Donate! Money or Time, we'd very much appreciate your donation.

For more information, or to join in on the festivities, please contact:
