

January 27, 2020

Dear Supporter,

Iberia Comprehensive Community Health Center, Inc. and its Board of Directors and staff are proud to announce its celebration of 35 years of quality community healthcare. Our anniversary festivities will take place on Saturday, April 18, 2020 at 6:00 pm at the Pavilion at Cypress Bayou Casino, located at 832 Martin Luther King Road in Charenton, LA. All guests must be 21 years of age and older.

Our keynote speaker will be Dr. Corey Hebert. Dr. Hebert is one of the most illustrious physicians practicing medicine in the United States today. His travels across the country and around the globe have connected him to thousands of people as both a healer and a motivator, all the while practicing both Pediatrics and Emergency Medicine. He is an Asst. Professor at both LSU Health Sciences Center and Tulane University Medical Center, as well as being the host of an extremely popular weekly radio talk show on the Cumulus Broadcasting Network, called "Doctor For The People" and serving as the Chief Executive Officer of Community Health TV.

Our Gala Event will be an opportunity for the Board, staff, patients, and supporters to celebrate Iberia Comprehensive's history and heroes from the past 35 years. Along with great food and good company, our guests will celebrate what makes our community health centers, and our people, unique. Along with celebrating the past 35 years, we will look forward to the future...and to what community healthcare will become under the leadership of organizations such as Iberia Comprehensive Community Health Center, Inc.

Iberia Comprehensive Community Health Center, Inc. is a non-profit, community-based, federally qualified health center established in 1985. Over its 35 years in existence, it has grown to include eight sites throughout Southwest Louisiana. Our mission is "quality healthcare for everyone" and we strive to provide high-quality, affordable healthcare to all of our patients in the parishes of Iberia, Lafayette, St. Martin, Vermilion, Sabine, Vernon, and Beauregard. A staff of nearly 200 highly qualified health professionals works daily to meet the needs of those in Southwestern Louisiana.

In 2018, ICCHC gave services to approximately 27,000 patients who generated 91,000 visits. 11,733 of our patients were at 100% and below the federal poverty levels. Thanks to Medicaid Expansion, our uninsured was 18% which was down from pre-Medicaid Expansion which hovered around 66%. Still 87.8% of our patients are considered low-income. We cared for a very vulnerable population which included 4,667 children, 1.3% Veterans, 1.5% Agricultural Workers, and 1.6% of our population was Homeless. ICCHC is also an Economic engine for the community. Our Total Economic Impact on the community was \$28.6 Million. Our model also saved the healthcare system approximately \$50 million by lowering the cost of care to Medicaid Patients.
