

## VBCQ 2019 Feedback

### 12 Total Responses

#### What was the best part of participating in the quest?

Our business is downtown

Interacting with our families in the community

Seeing the participants so happy and excited

Being a part of a positive function that brings families together locally

Helping the children!

Decorating the krispie treats with the kids

Fun events at vendors

The updates on our phones

Fun times with children

Seeing the children so excited and in the Christmas spirit

Visiting with our credit union members outside of banking hours and with others who hadn't visited with us before. We had 72 little ones come in for face painting!

Seeing the kids' reactions and meeting new people

The large attendance of our program

More activity in the gallery and seeing repeated families

#### What were the drawbacks (if any) from participating in the event?

None x8

We ran out of gingerbread houses after 1 ½ hours

Couldn't get em all in... in the time frames

None come to mind. More participation than last year

Really none. We have participated for the last few years and it gets better each year

Some individuals were frustrated that they had to wait in line with everyone else because they were participating in the quest. Our event was open to everyone, whether they were participating in the quest or not.

**Did families make purchases while visiting your business during the event?**

Yes x3

No x2

N/A x8

**Have families returned to your business because of the quest?**

Yes x4

No x4

N/A x6
